

The new EV4

The Kia EV4 Hatchback has just arrived in Ireland. The EV4 Hatchback is the first electric vehicle from Kia to be built in Europe and tailored specifically to European roads. The EV4 delivers stable handling and precise cornering with a blend of safety and driving pleasure. With its best in class range of up to 625 kilometres, the EV4 demonstrates its performance, comfort and efficiency in various driving conditions. Book your test drive today and experience the EV4 for yourself.

Go further
With up to 625km of range, charge your EV4 10-80% in 31 minutes.

The new Kia App
Drive. Charge. Connect. Access and control your EV4 through the new Kia app.

Sustainable interior
The interior uses sustainable materials sourced from recycled plastic or bio-material.
