#### Interior

## Comfortably spacious

Whether you're sat up front or in the second row, the K4 surrounds you with generous legroom and thoughtful design. The refined cabin is roomy where it matters most, with smart storage and space for all life's essentials. Including up to 438 litres of luggage capacity for transporting everything you need with ease. For space to breathe and room to enjoy on every drive.

# Modern ambience throughout

Clean lines, a wide horizontal dashboard and thoughtfully arranged features create a calm, expansive feel throughout the cabin. Enhanced still further by the soft natural light that flows in through the wide sunroof.

## Sporty cabin details

Get in touch with refined and dynamic cabin details that will appeal to your sporty side — like the three-spoke steering wheel1 in bio artificial leather with paddle shifters, and the newly designed gear selector. All crafted to stand out, in the true spirit of the K4.

# Heated and ventilated seats

Enjoy tailored comfort, whatever the weather and time of year. Thanks to heated front and rear seats, along with cooling ventilation for the front row. Whether it's icy outside or summer's in full swing, the K4 can always adapt to your personal needs as you settle into your soft-touch artificial leather seat.

#### Connectivity & Convenience

## Adaptive ambient lighting

Experience a driving environment that feels both refined and responsive. Advanced ambient lighting technology adjusts seamlessly to mood and movement, in line with drive modes and ADAS systems. It's immersive, intelligent and designed to enhance every moment.

## Panoramic triple display

The K4's panoramic display offers clarity control, and smart connectivity, all in one immersive cockpit.

# 12.3-inch Head-Up Display (HUD)

Making driving that little bit more effortless, the 12.3" HUD shows key information, like your speed and traffic updates, directly in your line of sight as you look through the windshield. So you never miss a beat, without taking your eyes off the road.
