

The Kia Sportage

Movement that inspires

Movement that inspires.

We believe in movement that inspires.

We believe in movement that inspires. Design that makes a statement. Technology that redefines expectations. The new Kia Sportage is built to excel in every respect. Look forward to progressive SUV styling with exciting new details, and innovated tech for an all-round enhanced driving experience. With a spacious and refined cabin that is packed with cutting-edge and clutter-free features.

Exterior

Powerful SUV styling.

Commanding looks upfront.

Introducing a bold new SUV design — defined by a striking grille and distinctive Star Map daytime running lights.

Sleek, sporty silhouette.

Updated cladding and black accents meet bold new colours for a modern, athletic GTline look.

Connectivity & Multimedia

Wireless smart phone charger. With wireless charging and fast USB-C ports, the Sportage always keeps your devices powered up quickly and seamlessly

Digital Key 2.0. Add even more convenience to your journeys with the Kia Digital Key. It allows you to access and start your Sportage using your smartphone. You can store the key in your digital wallet and share it with multiple drivers for easy access to the car - without having to reach into your pocket for your phone.

12.3-inch Head-Up Display (HUD). With the 12.3" HUD, key info like speed and traffic is shown directly in your line of sight on the windshield, so you stay informed without taking your eyes off the road.

OTA updates & Kia Upgrades. Always have the latest maps and infotainment with Over-the-Air (OTA) updates, and unlock new in car services with Kia Upgrades.

Driver Assistance & Safety

Safer, smarter driving.

Blind-Spot Collision-Avoidance Assist.

When you signal a lane change, you are warned if a risk of collision is detected with a vehicle beside you or approaching from the rear. The system even interacts with your steering if the risk increases. Blind-Spot Collision-Avoidance Assist also watches out for you when pulling out of parallel parking spaces, warning you about oncoming traffic behind you.

Forward Collision-Avoidance Assist 2.0.

FCA 2.0 gives you added peace of mind and helps you to avoid any potential collisions with pedestrians, cyclists and other cars on the road. If you are not applying the brakes hard enough to avoid collision, your Sportage will do it automatically. This technology also helps you avoid collisions with an oncoming vehicle while turning at an intersection or crossing it, as well as in other driving scenarios. (HEV only)

Smart Cruise Control 2. This technology helps to maintain a safe speed according to road conditions while driving on a motorway. It automatically reduces the speed in sections of motorways with tight curves, in order to keep the driver and passengers safe. And it resumes acceleration to pre-set levels thereafter. (HEV only)

Highway Driving Assist 2 with Hands-On Detection. HDA 2 with HoD automatically adapts your target speed to meet the limit, while keeping you at a safe distance from the vehicle ahead. The upgraded hands-on detection sensors on the steering wheel detect whether you are touching it, even without movement. HDA 2 is even capable of changing lane automatically when you use the side indicator. (GT-line HEV only)

Lane Following Assist monitors the lane markings and/or vehicles in front on the road, and assists your steering if necessary to help your EV3 centered in its lane. This also features Hands-On Detection (HoD) sensor, which detects if you let go of the steering wheel for several seconds and activates a warning signal to remind you to place your hands back on.
