

## Arriving to Hinchy's - October 2021 - The Kia EV6

### - Exterior

The new EV6 has a real presence on the road with its wide stance and muscular front design with distinctive side view, all topped off with a sloped roof design and aero spoiler. GT-Line has a unique front bumper and rear diffuser designs with differing lighting features, including sequential turn signals & LED headlights

### - Interior

The interior of the EV6 is spacious leading to a comfortable and relaxing experience for the driver and their passengers. The interior is made up of sustainable materials with the wide use of recycled plastic on the floor carpet, the lower door panels and seat materials. All models feature vegan leather and/or suede seat upholstery, dual curved 12.3" screens and a floating centre console design adding to the feeling of space. The new dedicated E-GMP platform allows for luggage storage in both the boot at the rear of the car and under the bonnet at the front of the car.
