

The Sportage

Movement that inspires

Exterior design

Striking. Regardless of the backdrop.

The stunning Kia Sportage manages to stand out no matter where you are. Whether you're zipping through the city or making your way off the beaten track, cruising the open road or parked right at home, the Sportage is the perfect combination of sportiness and style. Designed and produced in Europe, with distinctive, innovative design and truly striking features, the Sportage offers you pure refinement for every adventure you can think of.

Exterior design

Refinement redefined.

You'll make a statement in the eye-catching Kia Sportage – without saying a word. The distinctive exterior design features a commanding side profile, a muscular stance and a bold front and rear design. The sculpted front bonnet with the Kia signature grille gives the Sportage an unmistakably sporty appearance. And to round things off, touches like the sweeping rear lights add sleek style.

Interior design and quality

You won't just see the difference. You'll feel it.

You'll want to be very hands-on in the Kia Sportage.

Full of soft-touch materials, high-end finishes and the utmost attention to every detail, the interior of the Kia Sportage is just as comfortable as you'd imagine. From the stylish seats to the use of premium quality materials throughout the cabin, there's no shortage of features to make you feel right at home. The ergonomic cockpit is fully oriented towards the driver – with everything perfectly placed for you to use or view with ease. While the upper part of the dashboard offers a convenient eye-level display zone, the lower, easy-to-reach command zone puts everything you need within reach. It's a beautiful mix of innovation, comfort and world-class design. Interior shown here is from the K3, the K2 features a black cloth upholstery.

1. The slick **Supervision Cluster** with a large 4.2 TFT-LCD screen delivers precision information about the details of your trip.
2. Sit back and enjoy the beautifully **comfortable and heated front seats** in the K3.
3. The sleek interior maximises both your comfort and style, thanks to a **high-quality** feel with premium, soft-touch materials, high-gloss inserts and satin chrome surroundings.

1. The Navigation Screen ensures that you always know exactly where you're going. With 2D and 3D maps for the whole of Europe, as well as six free annual map updates, navigation has never been more accurate (K3).

2. Let the music never stop: charge your device or listen to your favourite tunes via USB. There's one USB port situated in the front and one in the rear.

Connectivity

Connect, click and enjoy.

There's no need to worry about staying in the loop, because the Kia Sportage is full of ways to stay connected and entertained. Thanks to Bluetooth®, you'll never have to miss a call – or your favourite tunes.

But the Sportage doesn't stop there.

The Navigation System keeps you on the right track. And clever connection points make sure your favourite devices are never out of reach.

7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory-fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique programme ensures your navigation system is always up to date.

KIA UVO CONNECT

Created exclusively by Kia, UVO CONNECT brings driving into the digital era in two distinct ways. Once activated, Kia Live makes use of the SIM card included in the infotainment system to retrieve and update live data for its services, so you have access to seamless information displayed directly on the navigation screen. And our new UVO app offers a range of data and information about your car through your Android or Apple smartphone. What’s more, this exciting new technology has been developed to comply with the latest EU Data Protection Directive, ensuring the highest levels of data privacy, transparency and protection.

Kia Live Services

Live traffic information

The navigation system delivers highly accurate live traffic information from TomTom that is constantly updated, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Camera/danger zones*

Be alerted to a whole range of fixed and stationary speed cameras as well as restricted access zones. The system also alerts you to areas where accidents are particularly common.

Weather forecast

With an up to three-day forecast available, you can simply type in your destination to view a complete summary, including minimum and maximum temperatures, wind speed and chances of sun or rain.

On-board Services

Kia’s **Online Navigation** system uses cloud-based servers to collect real-time and historical traffic information to predict the traffic ahead. That means that with Kia’s Online Navigation you receive far more accurate navigation information and guidance instructions, and a much truer Estimated Time of Arrival (ETA).

The **Online Voice Recognition**, supported by server technologies, enables hands-free applications to use your voice commands to search for nearby Points of Interest (POIs), addresses or weather or simply to send text messages.

Points of interest

Looking for a place to eat, a local business or somewhere special to visit? All this information and more is easily accessible with the live, regularly updated POI directory.

Parking

Kia Live shows available parking locations before you arrive at your destination. It will show potential on-street parking and off-street parking, including locations, details, prices and availability.

Fuel info

When you’re running low on fuel, the system will show you the nearest petrol stations and prices using an online database, so you can plan your refuelling stops accordingly.

Vehicle Information

Find my car

tells you the last known location of your vehicle – ideal if you are parked in a large car park.

Vehicle status

offers an overview of your car’s status including fuel level, battery charge level and ignition, and the status lights and doors.

My trips

gives a summary of your previous journeys including average speed, distance driven and time in transit.

Notifications

Notifications can share **Diagnostic Notifications** with you about the current status of your car, supply you with a **Monthly Vehicle Report** giving an overview of your car usage. You can also be notified whenever your car alarm is triggered, if any open car windows or doors are detected.

UVO App

Designed for both Android and Apple smartphones, the UVO app offers complete peace of mind with a whole range of features dedicated to providing diagnostic data about the status of your car and the trips you take. The app can also activate a range of remote functions and features when you are away from the car.

Remote Services

Send to car

allows you to pre-plan and set your journey through the app for seamless use in the navigation system.

Last-mile navigation

to guide you right up to the door. Once you have parked your car, you can continue to use the navigation system remotely on your smartphone.

Door control

offers remote locking and opening of the car doors without a key or fob.

User profile transfer

lets you remotely check and change a whole range of vehicle settings – like sound and radio – on your smartphone. You can then store the changed settings in your UVO App, send them to your vehicle and apply them again with ease.

Information and control service for your Kia; the services will be available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle, i.e. the point in time the initial purchase agreement becomes effective, and may be subject to change during that period. Details of operation and terms of use can be obtained from your Kia partner and on kia.com. Smartphone with iOS or Android operating system and mobile phone contract with data option necessary incurring additional cost.

Kia's Connected Services

Where? When? How? The answer is here.

Our new navigation system with Kia's Connected Services powered by TomTom Live Services takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a WiFi unit that enables the Sportage navigation system to connect to the Internet through your smartphone.*

1. Live Traffic**:

The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

2. Speed Cameras**:

You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

3. Local Search:

If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. The database contains 500 searchable categories, 25,000 keywords and 250,000 places to ensure you find what you need.

4. Weather forecast:

Is your weekend away going to be sunny or a wash-out? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

5. Parking information:

To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour-coded availability.

6. Fuel info:

When you're running low on fuel, the system will show you the nearest petrol stations and prices using a TomTom online database, so you can plan your refuelling stops accordingly.

Works with
Apple CarPlay

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Sportage's display, so you can get directions, make a call and listen to music – all while staying focused on the road.

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone – while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music, and voice control, and automatically organizes info into simple cards that appear just when they're needed.

*Smartphone with data plan required to activate services. **Legal restrictions to these services may apply depending on country usage

Dynamics and capabilities

You might want to take a trip. Or twenty.

There's nothing quite like setting off on an adventure.

And in the Kia Sportage, you'll want to find any excuse at all to get out onto the road. That's because the Sportage was built to give you full freedom and control, no matter where you go.

Thanks to the innovative Rack-mounted Motor Driven Power Steering, you'll enjoy an even more refined drive – with smoother steering, better handling stability and direct driver response.

1. Hill Start Assist Control takes the hassle out of starting on an incline, by preventing you from rolling backwards.
2. Downhill Brake Control helps keep you nice and steady – and at a stable speed during steep descents.

Versatility and spaciousness

Plenty of space to enjoy – and share.

Because journeys are even more fun when they're shared, the Kia Sportage gives you loads of room to enjoy. The uniquely configured cabin makes things just as comfy for your passengers as for yourself. In fact, with such spacious dimensions and reclining rear seats, every seat will feel like the best one. To give you the flexibility to use your space however you choose, the Sportage's seats are also able to move and fold to create an almost flat floor. You'll always have ample room to bring a crowd along for the ride.

1. For maximum versatility and flexibility, the convenient folding rear seats split 60:40.
2. The spacious trunk is versatile, flexible and roomy with all seats in place. With the rear seats folded down, it offers an astonishing 1,469 litres of load capacity.

Engines

Smart diesel engines. Clever technologies.

The 2020 Kia Sportage engine line-up impresses with remarkable performance, efficiency and innovative technology, including the latest diesel 48V mild-hybrid power train. Designed to fit seamlessly into your life, it offers low-emission driving with no plug-in recharging required.

1./2. Transmission

For quick, smooth gear changes, choose Kia's latest 6-speed manual transmission technology. Or opt for the latest generation 7-speed dual-clutch transmission for sporty driving paired with fuel efficiency.

1.6 Diesel + Mild Hybrid Technology

ECO mild-hybrid

The Ecodynamics+ mild-hybrid system combines green credentials with effortless everyday driving. The system pairs a 1.6 CRDi diesel engine with a 48-volt lithium-ion battery to significantly reduce fuel consumption. Operating seamlessly, the e-machine recovers kinetic energy during deceleration phases and provides torque assistance when accelerating.

Start: The engine is started by the e-machine to ensure a prompt and smooth start.

Torque assist: During acceleration or uphill driving, the e-machine provides torque assistance by taking energy from the battery to support the engine.

Cruising: When driving at constant speed, the combustion engine partially recharges the battery on-the-go if the charge level is low.

Energy recuperation: When decelerating or braking, the energy generated by the vehicle motion is converted into electrical energy to recharge the battery.

Moving Stop & Start: When decelerating to a stop, the combustion engine turns off automatically during in-gear deceleration and braking to save fuel.

Interior grades

Feels just as good as it looks.

Sophisticated shades and high-end soft-touch materials give your interior a contemporary feel and finish.
