MAKE AN INSTANT IMPRESSION.

Insignia Grand Sport. Benchmark fastback design,
coupé-style contours and crisp, lean lines.

Please note, OPC-line exterior bodykit illustrated is no longer available as an option.

PERFECT IN EVERY WAY.

The Insignia interior is both elegant and ergonomic.
From the instruments that tilt subtly toward the driver to the quality materials and uncluttered dash, every detail is made to measure.

- First-class craftsmanship
- Wellness luxuries, including ergonomic active front seats[1], certified by the Campaign for Healthier Backs (AGR), an independent centre of excellence for ergonomics
- Ambient light[2], bright and spacious feel

Quality in every detail. Ergonomic active front seats trimmed in leather[1] adapt to your body shape so you can relax.
For more seating options turn to page 13.

[1] Ergonomic active front seats are standard on Insignia SRi and Elite, driver's only on SE. Leather trim standard on Elite, optional on SRi and SE models. [2] In facia on SRi, SE and Elite.

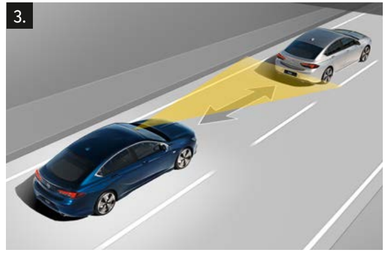
ADVANCED SAFETY SYSTEMS.

Opel's advanced safety systems combine innovative, proactive, camera and radar-based safety technologies. Together they boost driver vigilance and help prevent near misses, collisions, speeding tickets and more.

- Continuous support helps you relax
- The perfect assistance system for a hands-on driving style
- You have control of your Insignia at all times

1. **Forward Collision Alert with Collision Imminent Braking.** Ideal in commuter traffic, Forward Collision Alert warns if you approach a slower vehicle too fast from behind and helps prevent collisions by braking with full deceleration[1].

2. **Automatic Emergency Braking with Pedestrian Detection[2].** If this system detects a pedestrian, vehicle or other object ahead, it preboosts braking power and will even brake itself if the driver doesn't react.



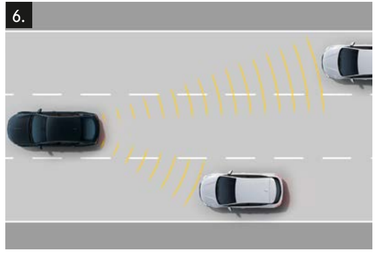
3. **Following distance indicator.** Indicates how many seconds you are behind the vehicle in front, helping you to maintain a safe distance. A warning light in the instrument cluster appears if the gap to the vehicle ahead is below that set by the driver.

[1]Between 8 and 40 km/h. [2]Between speeds of 8 and 40 km/h, the car brakes with full deceleration. Between speeds of 40 and 80 km/h, the car supports the driver in mitigating the collision by braking. [3]Lane Keep Assist active between 60 and 180 km/h. Part of the front camera system contained within the standard Driving Assistance Pack One.

8-inch driver information display, illustrated above left 1. and far right 5. standard on Elite models only.

4. **Lane departure warning with lane keep assist[3].** Warnings and steering-wheel pushback if you start drifting out of your lane without signalling. The real genius of this system? No false alarms. For example, if you really have to swerve hard.

5. **Traffic Sign Recognition[4].** See the speed limit in your display. This system continuously scans permanent and variable traffic signs in real time.



6. **Lane Change Assist with Side Blind Spot Alert[5].** Get a warning if fast-moving vehicles enter your blind spots. If you've already signalled to change lanes, the warning icons flash and an alarm sounds, too.

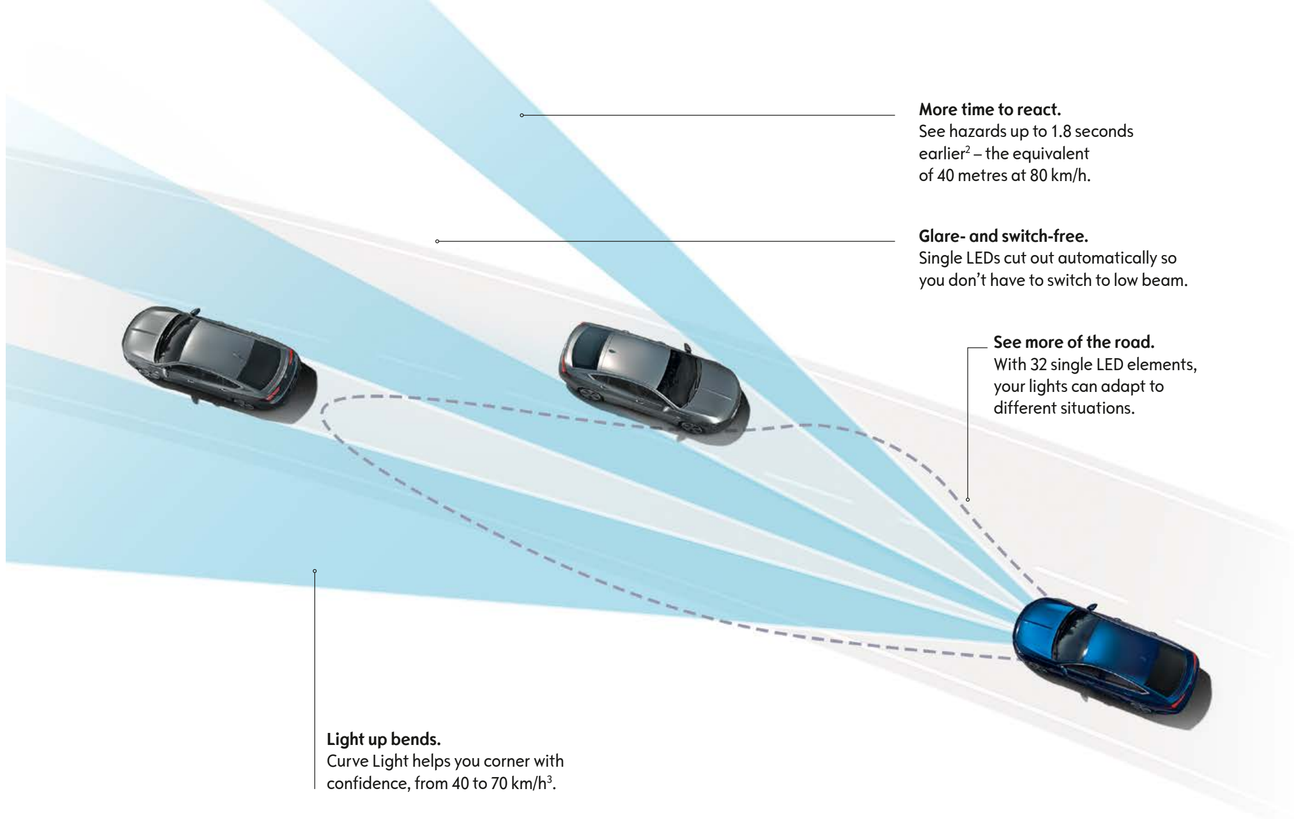
[4]Only in conjunction with Multimedia Navi Pro infotainment system; standard on Elite, optional on all other models. [5]Optional on SRi, SE and Elite models as part of Driving Assistance Pack Four.

Opel driver assistance systems support the driver within the limitations of the system. The driver remains responsible for the driving task.

ADVANCED INTELLILUX LED® MATRIX HEADLIGHTS.

Drive glare-free on high beam. IntelliLux LED® Matrix headlights[1] are far superior to Xenon and a major step up from conventional LED lights – more powerful and more precise. They automatically dip the beam around other vehicles but keep the rest of the road brightly lit up to 400 metres ahead.

- No risk of glare for other drivers
- Night driving is safer and more relaxed
- Cornering Light counters 'black holes' on tight, slow bends (active up to 40 km/h)



More time to react.
See hazards up to 1.8 seconds earlier[2] – the equivalent of 40 metres at 80 km/h.

Glare- and switch-free.
Single LEDs cut out automatically so you don't have to switch to low beam.

See more of the road.
With 32 single LED elements, your lights can adapt to different situations.

Light up bends.
Curve Light helps you corner with confidence, from 40 to 70 km/h[3].

[1] IntelliLux LED® Matrix headlights standard on Insignia Elite only. When system is activated, high beam is turned on at speeds above 50 km/h and automatically turned off at speeds below 35 km/h. [2] Compared to conventional halogen or high-intensity discharge (HID) headlights. [3] On tight bends or when turning off, depending on the steering angle (up to 70 km/h) or on the indicator light signal (up to 40 km/h), an additional left or right reflector is switched on.

See IntelliLux LED® Matrix headlights in action at **www.opel.ie**

ERGONOMIC SEATS.
THE HEALTHY CHOICE FOR YOUR BACK.

We've designed a super-comfortable ergonomic active seat for Insignia. It's approved by the AGR*, an independent committee of back health experts and medical professionals. Which means it looks after you, by looking after your back.

Sitting comfortably? You will be.

A. Head restraint is adjustable four ways to give you perfect head support.

B. Tailored lumbar support is electronically adjustable for perfect back comfort.

C. Extendable thigh support provides perfect comfort for your legs.

D. 18 adjustable seating controls give you plenty of settings for the lumbar area and seat position.

*Known as the Aktion Gesunder Rücken, which translates as the Campaign for Healthier Backs. Ergonomic active front seats standard on SRi and Elite only, optional at extra cost in conjunction with Siena leather trim on SE models.

Please note that seats shown are for illustrative purposes only.

INTELLILINK INFOTAINMENT. CONNECTIVITY ON CALL.

A Multimedia system is standard on every Insignia.
This Multimedia system allows you to seamlessly project key apps and features from your smartphone[1] onto the large 7-inch colour display via Apple CarPlay™ and Android Auto™.

The sophisticated R4.0 IntelliLink is standard on SC models:

- Clean, frame-free design
- Compatible with Apple CarPlay™ and Android Auto™[1]
- Hands-free phoning via Bluetooth®
- Photo and video access via USB
- Audio streaming via Bluetooth® and USB
- 7-speaker, 4 x 20 W sound system

Wrong cable? Right car! With inductive charging[2], you can top up your smartphone battery cable-free.

[1] Compatibility and certain functionalities may differ depending on the type of device and version of operating system.
[2] Standard on Elite, optional on all other models. May require an accessory for the smartphone. Inductive charging only with PMA or Qi compatible smartphones. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc.

SATELLITE NAVIGATION.

The Multimedia Navi infotainment system adds the functionality of a satellite navigation system to the R4.0 IntelliLink unit.

- Integrated satellite navigation system[1]
- Compatible with Apple CarPlay™[2] and Android Auto™[2]
- 7-inch colour touchscreen, 3.5-inch instrument display
- Traffic sign recognition
- Bluetooth® audio streaming and much more

The elegant, voice-controlled Multimedia Navi Pro[3] builds on the Multimedia Navi system and lets you access all the intelligent features you expect of a fully connected, executive-class car.

- Integrated European sat nav with Traffic Message Channel Pay TMC®
- Compatible with Apple CarPlay™ and Android Auto™[2]
- 8-inch colour touchscreen, 8-inch colour display in cluster
- Voice control, text message read-out/reply, USB video playback
- Bluetooth® audio streaming and much more

For more on Multimedia systems, go to www.opel.ie

[1] Standard on SRi and SE models only.
[2] Compatibility and certain functionalities may differ depending on the type of device and version of operating system.
[3] Standard on Elite, optional on SC, SRi and SE models.
Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries.

Works with Apple CarPlay

androidauto

GERMAN-ENGINEERED PERFORMANCE.

Insignia is engineered to exceed expectations in every perceptible sense. Above all, your sense of accomplishment.

- Efficient petrol and diesel engines deliver the consummate driving experience
- Dynamic ride meets refined and efficient performance
- Refined new 6- or 8-speed[1] transmissions
- Powerful new engines

Emission control.
To reduce the impact of emissions, many of our diesel engines are fitted with the BlueInjection system that runs on the additive AdBlue®. Your Insignia reminds you when it's time to top up[2].

[1] 8-speed optional with 2.0 (170PS) Turbo D automatic, which is only available on Elite models.
[2] Cars with BlueInjection technology will need regular AdBlue® top-ups between recommended services. An indicator integrated into the on-board computer will warn you when you need to top up. More information at www.opel.ie/adblueinfo
For complete engine, fuel economy and emission data plus availability of each engine by model, please refer to the Insignia Price and Specification Guide available to download from www.opel.ie

THE RANGE.

2.

3.

INTERIOR TRIMS.

Outstanding innovations, outstanding new trims.
Re-designed seats and finishes add to the premium feel and Insignia's interior ambience.

Standard trims

1. Milano black cloth seat trim – SC models

2. Monita black cloth/Premium leather-effect seat trim – SRi (illustrated) and SE models

3. Siena black perforated leather – Elite models

Optional trims

3. Siena black perforated leather – SRi and SE models

WHEELS.

Wheels speak volumes about who's at the wheel.
Insignia rims also know what to say.

17-inch bi-colour structure:
Available on SC* models.

17-inch silver five twin-spoke:
Standard on SE models.

17-inch titan gloss five twin-spoke: Standard on SRi models.

18-inch bi-colour:
Available on Elite* models.
Optional on SE models.

20-inch five twin-spoke:
Optional* on all SRi and Elite models.

*Wheel style is engine dependant. Please see the Insignia Price and Specification Guide, available to download from www.opel.ie, for full details.

INSIGNIA ACCESSORIES.

Insignia has what it takes to satisfy your every need.
That includes a vast range of tailor-made Opel accessories.

1. **Opel roof box and base carrier.** This 460-litre box has patented open/close and central-lock systems. The base carriers can also handle attachments for skis, snowboards and bikes.

2.–3. **FlexConnect system.** Attach a variety of brackets to the back of the front seats, from a table to a coat hanger. The FlexConnect tablet holder can hold devices in the portrait or landscape position – for reading or watching films.

4. **Illuminated door sill plates.** Give passengers the VIP treatment and protect the paint from chips and scratches.

5. **Reversible hard cargo tray.** Robust and easy to clean, this helps prevent items sliding around and contain liquids if they spill. The reverse is carpeted for a softer, quieter boot.

For the full range of Opel accessories, go to www.opel-accessories.com

Please note, OPC-line exterior bodykit illustrated is no longer available as an option.

MANAGEMENT SUMMARY.

Insignia is a masterpiece of German engineering – and the ultimate assistant. How can it assist you?

1. **IntelliLux LED® Matrix** headlights[1]
2. Stunning exterior
3. Premium-class interior including **Wellness ergonomic active driver's seat**[2]
4. Comprehensive **driver assistance systems,** autonomous response

A test drive in Insignia will challenge what you expect from a car.
To find your nearest Opel Ireland dealer, go to **www.opel.ie**

[1] Standard on Elite models only.
[2] Standard on SRi and Elite, optional on SE models.

Opel Service.

Europe-wide Customer Service.
Throughout Europe, more than 6,000 Opel repair workshops are ready to provide professional and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. More unusually, perhaps, they'll tell you exactly what's been done and why, and they will show any costs involved clearly and concisely.

New Vehicle Warranty.
Opel Ireland (referred to as 'Opel') guarantees for motor vehicles of its manufacture, that each vehicle is free from defects according to the state of the art for a period of: The first 2 years carry an unlimited mileage warranty. The 3rd year of warranty has a mileage limitation of 100,000km for Passenger Cars & Car derived vans, for Combo, Vivaro and Movano the limitation is 150,000km.

The warranty is valid from delivery from the supplying Opel Distributor from first registration, whichever occurs first (warranty start date).

Opel Roadside Assistance.
This free-of-charge mobility service is valid for all new Opel vehicles during the first year after the date on which they were first registered or delivered to the customer by the dealer, depending on which date comes first. No matter where you are, the Opel Assistance is there to help. In more than 40 European countries – round the clock. Offering services such as breakdown assistance, towing services, rental car, hotel accommodation or the organisation of onward transportation, e.g. via rail or air (please see programme conditions).

12-year Anti-Perforation Warranty.
Opel provides you with a reliable long-term warranty against perforation, provided you have your vehicle serviced and all necessary inspections performed according to the service booklet.

2-year Warranty for Opel Batteries.
With a 2-year warranty for service-installed Opel original batteries your starting problems are over – even in the coldest winter.

Parts and Accessories Service.
Opel parts and accessories are available at your local Opel Shop, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

Opel on the Internet.
Need instant information? At www.opel.ie you can access a wealth of information on all Opel cars, services, and accessories. Get online for Opel news and product updates.

Recycling.
Information about Design for Recycling, Take-Back points for End of Life Vehicles (ELVs) and the recycling of ELVs can be found on the Opel website www.opel.ie

In case of any questions, please ask your Opel dealer. More information can be found at www.opel.ie
