

THE SUZUKI

VITARA

RANGE BROCHURE

WELCOME TO GOOD DIFFERENT

**SUZUKI. JUST STRAIGHT-UP, GREAT DRIVING.
SINCE 1955, WE'VE BUILT CARS WITH PERSONALITY
THAT ARE PROUDLY DIFFERENT.**

Yep, we're all about doing things a little differently – by offering the latest Suzuki tech, amazing specs and great value. That's why every car in our range is hybrid* as standard and jam-packed with clever features. From small, fun mild

hybrids to advanced plug-in hybrids and head-turning SUVs with ALLGRIP 4-wheel drive**, there are no hidden add-ons and no surprises. See? Good Different.

We also know that car ownership doesn't stop at the car – it's about having a friendly, dedicated team you can rely on when you need them. Up and down the country, we have a brilliant network of dealers here to make the difference.

Test drive a Suzuki and experience our impressive blend of performance, dependability and safety features. Ready for something a little different? Come and get behind the wheel.

SUZUKI. GOOD DIFFERENT.

Vitara

S-Cross

Swift

*Swift is a mild hybrid (MHEV). Vitara and S-Cross are available as either a full or mild hybrid. **ALLGRIP is only available on selected model variants.

VITARA. GET STUCK IN.

Vitara combines unmistakable SUV styling with compact dimensions and self-charging hybrid technology – making it easy to drive and efficient to own. The latest Suzuki tech and advanced safety features come as standard, plus there's optional ALLGRIP SELECT 4WD* for even more reassurance on rugged terrain.

*ALLGRIP is only available on selected model variants.

STATEMENT

SUV STYLING

WE DON'T DO BORING – AND WE KNOW YOU DON'T EITHER. THAT'S WHY WE CRAFTED A PROPER SHOWSTOPPER WITH SERIOUS SUV STYLE.

BIG SUV ENERGY

Strong, authentic SUV styling meets genuine SUV capability.

SPORTY STYLE

With sleek lines and dynamic design features – like a sporty rear spoiler and distinctive front grille – Vitara is built to turn heads.

COMPACT PROPORTIONS

Combining a bold SUV presence with neat, compact dimensions, Vitara is a dream to drive – from narrow city streets to winding country roads.

THE TECH YOU NEED AS STANDARD

VITARA IS SERIOUSLY SPEC'D WITH A RANGE OF DIGITAL TECH AND DRIVER ASSISTANCE FEATURES – ALL OF WHICH COME AS STANDARD – TO MAKE EVERY DRIVE EASIER, SAFER AND MORE CONNECTED.

9-INCH MULTIMEDIA DISPLAY

Stay connected and entertained every mile of the way through the large, full-colour touchscreen display.

WIRELESS SMARTPHONE LINK

Made a new driving playlist? Need to make a call? Stay safely connected to your phone with wireless Apple CarPlay® or Android Auto™*.

SUZUKI CONNECT

Ready to take your experience up a gear? Download the Suzuki Connect App to lock your doors from anywhere, check your driving stats and get service alerts – plus much more!

INTEGRATED NAVIGATION

Get turn-by-turn directions and live traffic updates with the built-in navigation system. Or, if you prefer, connect your smartphone to access your favourite navigation app.

KEYLESS ENTRY AND START

Keys buried in your pocket or bag? You can unlock and drive away without digging them out, as long as they're on you somewhere.

REAR PARKING SENSORS

Helping you park like a pro, the rear sensors will alert you when you're close to an obstacle. And if you opt for the Ultra model, you'll get front sensors too!

ADAPTIVE CRUISE CONTROL

Sensors monitor the distance to the vehicle ahead, automatically accelerating or slowing your speed as needed to maintain a safe gap. When the road clears, the system will return to the set cruise speed. Perfect for motorway driving, it ensures a smoother, safer drive and can help reduce driver fatigue on longer journeys.

*Apple, Apple CarPlay and iPhone are all trademarks of Apple Inc. Registered in the U.S. and other countries. Android and Android Auto are trademarks of Google LLC.

YOU'RE IN
SAFE
HANDS

SAFETY SHOULD NEVER BE AN AFTERTHOUGHT. SO VITARA COMES WITH A RANGE OF ADVANCED SAFETY FEATURES AS STANDARD – FOR PEACE OF MIND ON EVERY DRIVE

SUZUKI SAFETY SUPPORT*

Vitara uses several advanced cameras and laser sensors to monitor the driver, the road ahead, and other vehicles or pedestrians. The following safety features are included as standard on all Vitara models.

DUAL SENSOR BRAKE SUPPORT (AUTOMATIC EMERGENCY BRAKING)

Sensors are used to detect potential collisions with other vehicles or people, directly or diagonally ahead of the vehicle. If a risk is detected, the car will respond in one of three ways, depending on the situation:

1. Warning

Alerts the driver with an audio warning and visual warning

2. Brake assist

Deploys brake assist to increase braking force if the risk of collision is high and the driver panic brakes

3. Automatic brake

Applies strong automatic braking if the risk of collision increases even more

Dual Sensor Brake Support Detection Capabilities:

BLIND SPOT MONITOR

Two rear radar sensors help make it safer by detecting vehicles in or approaching your blind spots. If a vehicle is detected, an LED lights up on the relevant side mirror. And if you indicate to change lanes, you'll hear a warning sound too.

LANE KEEP ASSIST

When Adaptive Cruise Control is activated, this handy tech predicts your vehicle's path and alerts you if you drift. It gives visual warnings on the display and vibrates your steering wheel to grab attention.

LANE DEPARTURE PREVENTION

A camera in the windshield detects the lane you're driving in. If the car starts drifting out of the lane without you indicating, it automatically helps steer you back into place using the electric power steering system.

TRAFFIC SIGN RECOGNITION

This system uses a camera to spot road signs, like speed limits and no-passing zones, displaying them on the centre console to remind you. When the cruise control speed limiter is engaged, vehicle speed is regulated to help you stay within the posted limit.

REAR CROSS TRAFFIC ALERT

Two rear radar sensors will alert you to approaching vehicles using visual and audio warnings. This is especially handy when backing out of parking spaces with limited visibility.

DRIVER MONITORING SYSTEM

A safety system that checks for signs of driver fatigue, using a built-in camera to detect when you might need a friendly reminder to stay alert or take a break.

INTELLIGENT SPEED ASSISTANCE

This feature helps you stay within the speed limit by using GPS data and Traffic Sign Recognition. It identifies the speed limit and warns you if you're going too fast.

HIGH BEAM ASSIST

Your headlights will automatically switch between 'high' and 'low' beams based on oncoming traffic and the area's lighting.

ECALL

On-board sensors will detect a crash and the eCall system will alert the emergency services with a phone message that contains the precise location of your vehicle.

*There is a limit to the ability of all safety features to detect obstacles, lanes and traffic signs, depending on road, traffic and weather conditions. Please do not rely on these systems alone to ensure safety, drivers must always be responsible for ensuring their own safe driving. For further information about the details and limitations of safety features, please speak with your local Suzuki dealer or refer to the owner's handbook.

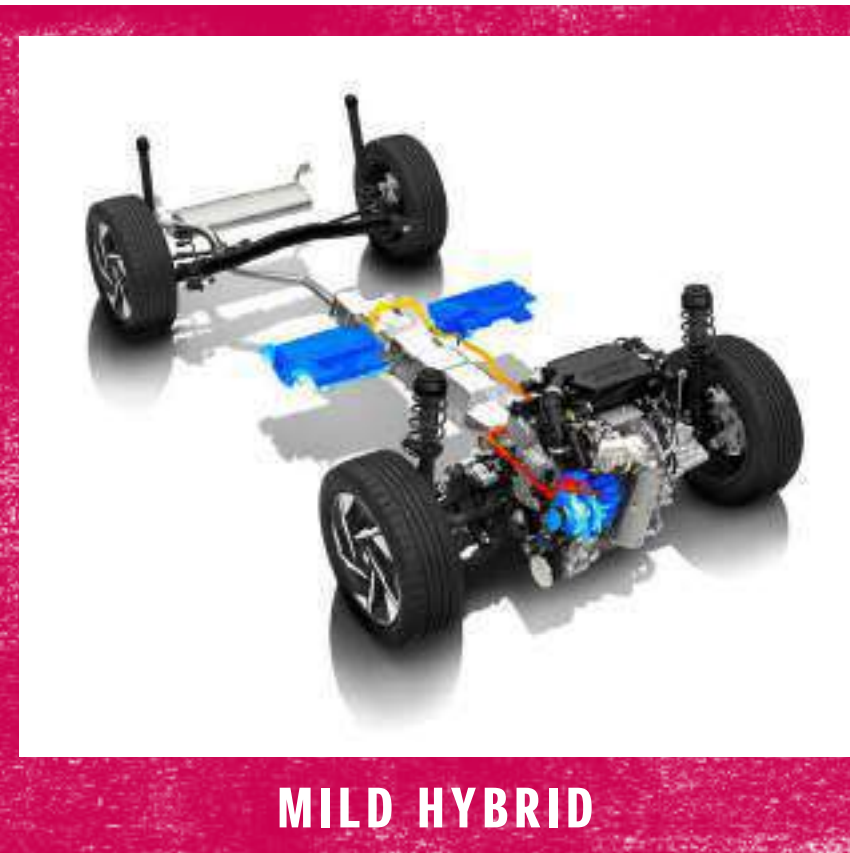

**POWERED TO
PERFORM**

EFFICIENTLY DESIGNED.

Vitara packs a punch with its responsive petrol engine and choice of hybrid technology – combining a dynamic driving experience with impressive fuel efficiency and low CO₂ emissions. The compact and lightweight SUV

design makes it super easy to handle, while the elevated driving position and high ground clearance provide great visibility and added confidence behind the wheel.

MILD HYBRID

FULL HYBRID

YOUR CHOICE OF HYBRID TECH

Vitara is available with either mild or full hybrid technology – but what's the difference? Our Mild Hybrid system provides battery assistance, featuring a lightweight electric motor that supports the petrol engine when it's needed

most – like during acceleration or driving uphill. The Full Hybrid system, on the other hand, provides dual power. It can seamlessly switch between the petrol engine and electric motor or combine them both to drive the wheels.

TAKE IT ON WITH ALLGRIP

FOR WHEREVER THE ROAD TAKES YOU.

Rain or snow, our unique ALLGRIP 4-Wheel Drive system* is designed to adapt to pretty much anywhere.

The lightweight system, with selectable driving modes, lets you truly take control of the road so you can drive with peace of mind, no matter the driving conditions.

*ALLGRIP is only available on selected model variants

TAKE A RIDE ON THE COMFY SIDE

LOOKING FOR SPACE? VITARA HAS PLENTY.

True to its statement SUV exterior, Vitara offers a spacious interior with loads of leg and headroom for you and your passengers. There are plenty of practical features for added comfort too – from climate control air conditioning to a panoramic sunroof*. The roomy boot also offers an impressive amount of space, so you can easily pack for any adventure.

*Available on Ultra models only.

FIND YOUR VITARA

Choose from two models in the Vitara range – both with authentic SUV style and advanced tech as standard.

MOTION

The Motion is packed with:

- LED headlights
- 17-inch painted alloy wheels

UP TO 10 YEARS WARRANTY

You're covered from the moment you take delivery of your new Suzuki. Every new Suzuki comes with a warranty that covers you for the first 3 years. Older than 3 years? Don't worry, when your standard 3-year warranty ends, you get an up to 1 year warranty with each qualifying service, up to 10 years.*

**COVERED UP TO
10 YEARS OR 160,000 KM**

New or used, we'll look after your Suzuki.

**NO SERVICE HISTORY?
NO PROBLEM**

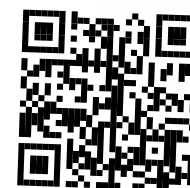

Even if your Suzuki doesn't have a full service history, you'll still be eligible for our Service Activated Warranty.

ALL THE BIG STUFF COVERED

Our comprehensive warranty covers all the big stuff, plus consequential damage. See full terms and conditions for more information.

OH, AND IT'S FREE!

Complete peace of mind through to your next service, and no extra cost.

**SCAN TO
FIND OUT MORE**

*Available to Republic of Ireland customers on Suzuki cars under 10 years old and under 160,000 km. Warranty is valid for up to 12 months or (if lower) 15,000/20,000 km (mileage cap varies based on model's service interval). Activates on first qualifying service and renews on subsequent qualifying services, up to a maximum of 10 years from the date of first registration or (if lower) 160,000 km. A qualifying service is one carried out by a Suzuki service partner in accordance with the applicable Suzuki service interval. Cars without a full, up-to-date Suzuki service history will be subject to an initial health check and any identified faults will be excluded from warranty cover unless repaired at your cost during the qualifying service. Terms & exclusions apply, see cars.suzuki.ie/owners/warranty.
